

FOR IMMEDIATE RELEASE:

Tobias Design Wins Chrysalis Remodeling Award *Award honors the finest remodeling projects in the country*

Hopewell, NJ, July 11, 2019 – [Tobias Design, LLC](#), specializing in custom kitchen design solutions, announced today they won the Chrysalis Award in conjunction with Baxter Construction for a joint residential remodeling project.

Since 1994 the Chrysalis Awards honors the finest remodeling projects in the nation. The 2019 Chrysalis Awards recognized 77 companies from across the United States that set new standards of excellence and professionalism for residential and commercial remodeling. The entries were judged on overall design, the creative use of space and materials, and the degree to which the project enhanced the original structure.

“Our team is honored to receive this prestigious national recognition with our respected business neighbor, Baxter Construction, with whom we teamed up with for this kitchen and family room renovation,” stated Lisa Tobias, Owner & Designer of Tobias Design, LLC.

“To win an award in this highly competitive category is quite an achievement,” says Ken Kanline, Director of the Awards for Chrysalis. “The Chrysalis is the Oscars for residential and commercial builders throughout the country and is a true honor for any company to earn.”

The Tobias Design and Baxter Construction project involved a kitchen and family room renovation to update and improve the flow of the homeowner’s lower level of their home. The project entailed removing a partition wall separating the living room and entry area from the kitchen space to create an open feeling all on a tight deadline to meet the needs of the family. The end-result was a beautiful space that improved the functionality of the lower level of the home while maintaining a sleek and stylish design. To see photos of this project visit
